

Panel Door

Glazing solutions experience built since 1943

Panel Door

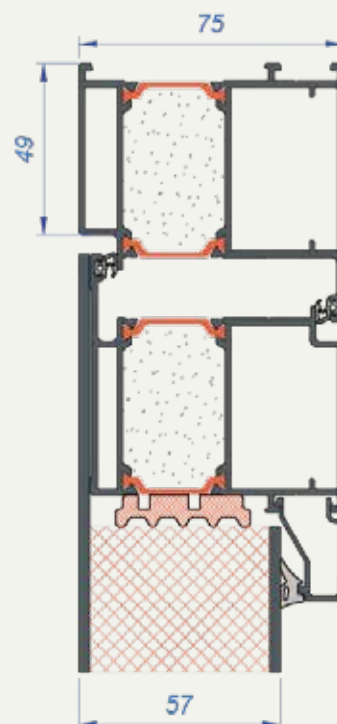

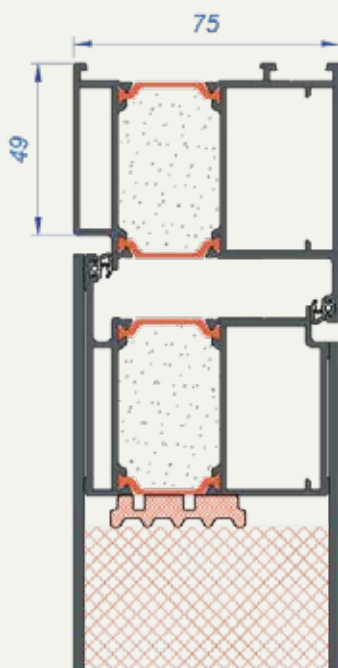

ALUFLAM presents fire-resistant panel doors, part of the Wubern family. This product complies with the EI30 classification. Our solution provides excellent thermal insulation and stiffness when exposed to direct sunlight.

The product is offered with SLIM and STANDARD frames width to fulfil various aesthetic needs.

Panel door from Wubern family

- **Fire resistance** - EI30
- **Visual effect** – for various aesthetic impressions, we offer two frame widths: SLIM 24mm and STANDARD 49mm presented below.
- **Thermal isolation** – our fire-rated infill provides also excellent thermal protection, as a barrier which helps to keep stable temperature inside.
- **Numerous colours and finishes** – aluminium profiles available in diverse RAL colours and anodised

Fire resistance	EI30
Structure material	aluminium (RAL or anodized)
